

ITEMS WE ACCEPT (JULY 2023):

We are thankful for the generosity of our community and their donations. Unfortunately, we can't always resell what comes in and sometimes the generosity exceeds our store and storage capacity. **Acceptance of all donations is at the discretion of our staff.** We ask for your support and understanding if a staff member is unable to accept your donations. Please know that we make every effort to take in donations as much as space allows. Decisions to take in or not take in donations are made on a daily basis and as such cannot always be updated on the website. Follow us on social media for daily updates on donations news, sales and more!
